

INTERNATIONAL VICE PRESIDENT REPORT

2014 End of Year Report

Hello all, I cannot believe it is 2015. It seems like I was just in PEI celebrating the beauty of that island with 500 of my closest friends. What a wonderful convention that was for all that attended. It was a great time and we are heading south to the great state of Texas in August.

I want to thank everyone for your support in electing me to serve y'all for another two years as your International Vice President. It is a great honor to represent this organization and I take great pride in trying to help bring the solutions needed to keep this family growing and prospering.

I have spent about 30 hours a week working on the wonderful MAL program that we have and trying to come up with some fresh and new ideas going forward. We have over 600 MAL's at the current time and I have already started or completed processing many new and renewing members. I thought being in charge of my 30 member chapter was fun! It has been great to talk with or email so many new friends across the world. In 2014 I attended the fall and spring board meetings in Syracuse with the 2015 spring meeting coming up in April. I have also been able to assist with a couple chapters getting started and met with quite a few chapters outside my own. Just a few days ago we had another group of MAL's from Europe start Germany 11. It is great to see the MAL program working as it should.

Well, that is about all I have this time. I would just like to remind everyone that YOU, the members, run this organization so keep the ideas coming. I love to see the involvement from all of you. It is time to go as the sun is shining and I have a full tank of gas.

I want to let everyone know it was an honor to be elected as your Vice President and I intend on keeping up the work you have come to expect as an officer of our club.

As always, keep the shiny side up and your knees in the wind!

Jack Jarvis
International Vice President
