

I was born in 1974. In 2005 I married my lovely wife Silke. Our daughter Line was born in 2007, our son Janne was born in 2010. My children let us see our world in new faces every day.

We live in the state of Schaffhausen in Switzerland / Europe. On my job I am a paramedic and firefighter, I work at Zuerich emergency call center as a medical and fire dispatcher.

In 2009 I found the RKMC chapter Switzerland 1. Since 2010, I serve the RKMC as the RKMC European Ambassador. I am very proud to help the RKMC to grow up in Europe. During my time as the European Ambassador, I have enjoyed the honor to being able to support many European chapters during their founding. In september 2011, I help to form the European Regional Association.

During the 2011 ABM, the membership decided during the to accept Europe as the 7th region. I was appoointed to seve as the first Regional Director of Region 7 of RKMC. I will do everything in my power to present the Region 7 with pride.

If ask yourself « What does he do...?“, don`t ask yourself, ask me !
