Report

Over the past year, I have actively participated in all in-person meetings as well as online meetings. I have also been involved in countless messages, emails, and phone calls to stay connected and engaged.

One of the absolute highlights was attending the Dixie Rally in New Orleans. It was an incredible experience—not only because of the beautiful surroundings (despite the extreme heat!), but also because it was a chance to reconnect with old friends and make new ones.

As we look to the future, I would like to remind all members that this is a social motorcycle club for firefighters. Some of the issues we have faced in the past would never arise in a fire station, and I believe we should hold ourselves to the same standard of camaraderie and respect.

It is my sincere hope that moving forward, there will be no more hostility, bullying, hearsay, or gossip. Instead, let us refocus on what truly matters in our club: riding motorcycles, enjoying camaraderie, and building lasting friendships.

In the future, I will no longer accept any issues that arise from nonsense or drama. If something does come up, I will address it firmly and decisively.

I wish all members a wonderful International Convention. Please accept my apologies for not being able to attend this time.
