Greetings Red Knight's family.

Those of you who attended the ABM in Johnstown know there were no changes to the bylaws regarding the back patches and likely know there remain different points of view on the matter.

To hopefully bring the club together on these issues, we will bring TWO bylaw proposals to the membership at the next ABM: one to clearly and without conflict permit multiple rockers on the back of the vest, another to clearly and without conflict restrict the back of the vest to no more than 1 top Rocker of any sort and no more than 1 bottom Rocker of any sort while clearly defining what a rocker is.

Whichever of these two options the membership votes for will be the one we will enforce.

We will strive to advertise these two bylaw proposals as soon as possible so chapters can provide feedback to their Regional Director allowing us to ensure that we have proposals that are clear and understandable.

Brothers and Sisters, until we have a clearer path to enforcement, we would respectfully ask that if the back of your vest has more than one top or more than one bottom curved rocker of any description you consider tasteful options to not display the multiple rockers, including the option of not wearing the vest. Without clearer direction from the membership through a bylaw change, we will not be enforcing "violations."

This is an issue that is close to the hearts of many of us, but the brotherhood, the sisterhood, the family of the Red Knights is closer to our hearts and we will not support this issue dividing us any further.

Thank you for your patience, your understanding, and your anticipated cooperation.
