**Fellow members**

As you know I have just been elected as Region 4 Director. I hope next year I will be able to do a much better report.

As I look back at 2019 as a Louisiana State Representative and member of this great organization it has been a great year. I have been on several rides with my Red Knights La 1 Chapter Club. I have answered questions to local chapters and members and spoke with other firefighters to get them involved with joining and creating their own chapters. I have advised them that the Red Knights is a family-oriented organization just like your local fire departments. We join together as one big happy family.

This past year I have attended the Dixie Rally in Gulfport Mississippi. I am proud to say that the Dixie Rally for 2019 was hosted by Mississippi 3 and with the help of surrounding chapters it was a huge success. I am honored to say the Mississippi Dixie 2019 has broken the record for attendance.

I am looking forward to working with RKMC International Board and members of Regional 4. I would like to encourage each member to discuss with me any topics

that you think the board should address. Please forward this information to your Regional Director, so we can discuss.

Dixie Rally will be held in May 2020 by Louisiana 1 with the help of other surrounding chapters. This will be another great event. Hopefully we will see everyone there.

On behalf of my family I would like to keep my brothers and sisters that have passed this year in your thoughts and prayers. May God Bless and RIP in Heaven 1  
May God Bless Everyone and Have a Great New Year.

Steve Guillot  
Region 4 Director
